

# A Reimagined Tour de Force

Accept the 2020 AHCT challenge - an experience unlike any previous year or ride!

## Convenient

no flights, long car rides or lodging needed

## Local fun

you choose the route, the distance, elevation gain and ride with friends and families in your community

## Competitive or relaxing ride

you choose the pace

## Ride any time

between September 19 and September 26. Have fun while supporting critically needed health care in Ecuador!

## Here's how it will work

- Ride solo or with a team
- Each rider registers at [andeanhealth.org](http://andeanhealth.org) by clicking on "Bike Ride"
- Teams commit to fundraise for or donate to help meet the 2020 AHCT goal of \$400,000
- Check the website to see rides completed and funds raised

## Post-ride

Submit your mileage, elevation gained and pics with you and your peeps in the magnificent custom jerseys. We'll post all to the AHCT website.

## Virtual Celebration

On October 2 at 4pm CT / 5pm ET, all riders can meet via Zoom to reminisce, brag, cajole, harass.

## 2020 Fundraising Goal

\$400,000 - help us raise these funds supporting the AHCT hospitals and medical education in Ecuador. We are already halfway there! Help us reach the summit!
